FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog*. INTRODUCTION

On the 21 rolls of this microfilm publication, M1902, are reproduced the previously unfiled records of the District of Columbia field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1870. Some pre-Bureau records dated 1863 and 1864 are included. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of marriages, and employment registers. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105, at the National Archives Building in Washington, DC.

This film series completes the reproduction of all Bureau records created in the District of Columbia between 1865 and 1872. Many of these records were reproduced in 1978 and 1980 in National Archives Microfilm Publications M1055, *Records of the Assistant Commissioner for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1869*, and M1056, *Records of the Superintendent of Education for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. In the District of

Columbia, field office operations began in June 1865, when Col. John Eaton, Jr., was appointed Assistant Commissioner with headquarters in the city of Washington. Brig. Gen. J. C. Fullerton succeeded Eaton in December 1865 and served until February 7, 1866. Brig. Gen. Charles H. Howard, brother of Commissioner Howard, then served as the Assistant Commissioner until the position was discontinued in December 1868. Bvt. Maj. David G. Swaim then supervised operations until October 1869, when virtually all Bureau functions, except education, were terminated.

The Assistant Commissioner for the District of Columbia was responsible for Bureau affairs in the District, the Freedmen's Village in Virginia and the farms south of the Potomac, and the Government farms in St. Marys County, Maryland. In September 1865, Alexandria, Fairfax, and Loudon Counties, Virginia, were added to his jurisdiction. In August 1866, Loudon was transferred to the Assistant Commissioner for Virginia, and Alexandria and Fairfax Counties were transferred similarly in March 1867. In the same month, West Virginia was placed under the jurisdiction of the Assistant Commissioner for the District of Columbia. He was also responsible for Bureau affairs in Montgomery, Prince Georges, Anne Arundel, Charles, Calvert, and St. Marys Counties in Maryland. In January 1868, Washington and Allegheny Counties, Maryland, were added, and in August 1868, the remaining counties of Maryland and the State of Delaware were added to his jurisdiction. Although the officers in the neighboring Maryland and Virginia counties reported to the Assistant Commissioner of the District of Columbia, their records are among those of the subordinate officers for Maryland or Virginia.

While the work performed by Assistant Commissioners in each state and the District of Columbia was similar, the organizational structure of staff officers varied from jurisdiction to jurisdiction. In the District of Columbia, the Assistant Commissioner's staff consisted of a superintendent of education, an assistant inspector general (from time to time he served as the assistant adjutant general), an assistant quartermaster and disbursing officer, a superintendent of marriages, and a surgeon in chief. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts. For administrative purposes, agents were assigned to the various counties of Maryland, Virginia, and West Virginia. Within the District of Columbia, a subassistant commissioner was appointed to supervise Bureau activities for the communities of Georgetown and Washington. In 1868 Montgomery and Prince Georges Counties were added to his jurisdiction. A subassistant commissioner was also assigned to Alexandria County in January 1866; he reported to the Assistant Commissioner until responsibility for the supervision of the county was transferred to Virginia authorities. In addition to county agents and subassistant commissioners, local superintendents were appointed to supervise such Government projects as Barry Farm, located south of the Anacostia River, and the Sothron Farm in St. Marys County, Maryland. These farms were purchased with Bureau funds to aid freedmen in buying farmland. Other local superintendents were assigned to administer

Freedmen's Village and schools and hospitals. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of known District of Columbia subordinate field office personnel and their dates of service, see the Appendix.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education. In August 1865, Rev. John Kimball was appointed superintendent of education for the District of Columbia and served until replaced by Maj. D. G. Swaim in October 1869. Maj. W. L. VanDerlip succeeded Swaim in December 1869 and remained in the position until August 1870, when educational activities in the District of Columbia were discontinued.

Because the jurisdiction of the superintendent of education for the District of Columbia included areas other than the District itself, his records include reports and correspondence relating to schools in Maryland, West Virginia, Delaware, and parts of Virginia.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states and the District of Columbia.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN THE DISTRICT OF COLUMBIA

The major activities of the Freedmen's Bureau field office in the District of Columbia generally resembled those conducted in other states. The Bureau provided relief from poverty and destitution, provided transportation and employment for needy freedmen, worked with benevolent societies in the establishment of schools, provided assistance in legalizing slave marriages and various legal matters, and worked with black soldiers and sailors in obtaining back pay, bounty payments, and pensions.

To relieve problems of destitution and poverty and to aid the aged, orphans, and infirm in the District of Columbia and Virginia, the Bureau offered various forms of assistance. The Bureau established an asylum at the Freedmen's Village in Arlington, Virginia, for destitute men, women, and children. It was located across the Potomac River from Washington, DC, on the estate formerly owned by Robert E. Lee. It originated with the War Department in 1863 as a "model community" for the freedmen in the Washington area and was continued by the Freedmen's Bureau for destitute freedmen. Also, under the auspices of a women's campaign, "National Appreciation of the relief of destitute colored women and children," the Bureau constructed a building for the Colored Orphans Home of Washington, DC. In addition, the Brooklyn Home for Children of Freedmen, under the direction of the African Civilization Society, received aid from the Bureau to allow temporary relief for freedwomen to look for employment. When "The Farm School for colored boys"

in the District of Columbia ceased its operations on June 14, 1867, the Bureau provided homes for inmates, and assisted others who returned to their parents.¹

As a part of its ongoing relief efforts, the Bureau also issued rations to both the Freedmen's Hospital in the District of Columbia and Abbott Hospital at Freedmen's Village. Up to a 3-day supply of rations was given to freedmen who sought employment outside the city, and rations were given to those destitute refugees and freedmen who weren't considered permanent residents of Washington. In 1866 Congress authorized a special relief appropriation of \$25,000 for the poor in the District of Columbia, and an additional expenditure of \$15,000 in 1867. A Special Relief Commission headed by Robert Reyburn, surgeon in chief of the District of Columbia, was established by Assistant Commissioner Howard to administer the appropriations. The Commission provided food, clothing, and other essentials to both blacks and whites in the city. The Commission maintained registers of applicants who applied for relief and forwarded weekly reports of its operations to the Assistant Commissioner. The Assistant Commissioner also received additional reports relating to rations, clothing, and medicine issued by other Bureau officials.²

One of the major challenges facing Freedmen's Bureau officials in the Washington, DC, field office was to reduce the number of freedmen in the city who depended on the Bureau for assistance. When the Civil War began, thousands of freedmen flocked to the capital city from the surrounding areas of Maryland and Virginia. After Congress abolished slavery in the District of Columbia in 1862, thousands more migrated to the city, causing overcrowding, destitution, and significant increases in unemployment. A census taken by the Bureau in the winter and spring of 1866 revealed a black population of more than 31,000 in Washington and Georgetown, many of whom were unable to find work. To relieve the Government of the burden of providing support for these individuals and to encourage independence, Assistant Commissioner Charles Howard solicited the help of Northern aid societies in Philadelphia, PA; Boston, MA; New York; and Providence, RI. Howard believed that if large numbers of freedmen in the District of Columbia could secure employment in other parts of country, conditions would improve for those who remained. To carry out his plan, Howard established employment offices in both the District of Columbia and Northern cities and provided rations and free transportation for interested freedmen to prospective employers. Employment offices (a.k.a., "intelligence offices") were established in various parts of the capital, and the

Bureau hired several employment agents and paid the rent of employment offices in New Jersey; Providence, RI; Hartford, CT; and Boston, MA. In many instances, employment agents traveled with freedmen to the North and took them to the employment office or the employer. Officials in charge of employment offices in Washington; Alexandria, VA; and northern employment offices forwarded trimonthly and monthly reports of their operations to the Assistant Commissioner. The Assistant Commissioner also received reports from local agents regarding destitute freedmen.³

By October 1867, the Bureau had provided resettlement transportation for more than 9,000 freedmen from the District of Columbia. Many others received help finding homes in Maryland and Virginia, to where transportation was not required. However, in spite of the Bureau's claims of reducing the dependency of the black population in the District of Columbia, poverty and unemployment remained an issue. In a circular issued October 5, 1867 (Circular Number 6), Howard, probably realizing the shortcomings of the employment program, limited transportation to orphans and women with small children, thus gradually closing employment offices in and around the city.⁴

To further deal with the continued problem of poverty and unemployment, and to remove freedmen from some of the most deplorable living conditions in the District of Columbia and Alexandria, Virginia, the Bureau set aside certain buildings under its control as tenements. Several barracks in and around Washington were provided for some 350 families, and in Alexandria accommodations were made for more than 100 families. Families were charged a moderate rent, amounting to nearly a third of what they had paid to their former landlords for filthy shanties and huts. For those who could not find work at an adequate wage to support their families, Assistant Commissioner Howard ordered Bvt. Col. S. P. Lee, superintendent of Alexandria, Fairfax, and Loudon Counties, to rent some 550 acres of land at Camp Distribution (near Alexandria) for tenements. Land was sub-rented to heads of families in lots from 5 to 40 acres, at a cost to the Government of \$800 per year. Small lots were also rented to freedmen in Arlington and St. Marys County, Maryland.

Superintendents of the barracks forwarded monthly reports of occupying tenants to the Assistant Commissioner. The reports provided the name and occupation of the head of the family, the number in the family, the number of rooms occupied, the rate of rent per month, the amount(s) of rent paid, and the amount of rent in arrears.⁵

In an effort to assist freedmen in securing land, the Bureau provided funds for the purchase of 375 acres of property south of the Anacostia River known as the "Barry Farm." Portions of the land were sold to freedmen in 1-acre lots. Freedmen were required to make monthly payments for 2 years before they received full ownership of the property. The Bureau cleared the roads leading to the lots and provided lumber and assistance in the construction of houses. By the fall of 1867, the Bureau reported that at least 180 lots had been sold and some 90 houses were either complete or under construction. With the help of the Bureau, freedmen at the "Barry Farm" project built a school on one of the lots.⁶

The educational efforts of the District of Columbia field office were similar to Bureau operations in other states. The Bureau, by and large, assisted with construction, rental, and repair of school buildings, while benevolent societies provided teachers and paid their salaries. The Bureau also provided free transportation for teachers and assisted them in getting government rations at cost. The superintendent of education, Rev. John Kimball, forwarded monthly school reports to Bureau headquarters and received monthly school reports from subordinate officers and from superintendents of schools sponsored by benevolent societies. In the District of Columbia, the Bureau worked closely with the board of trustees appointed by an act of Congress on May 21, 1862 (12 Stat. 407), to "aid in the support of the colored race." The Trustees provided lots upon which the Bureau erected several school buildings. In 1866 the Assistant Commissioner reported that in his district there were more than 70 schools and over 6,000 students being taught by 132 teachers. There were 15 night schools and 20 Sabbath schools with slightly more than 3,000 students. There were 45 day schools (including industrial schools) conducted in buildings provided and furnished by the Bureau.⁷

The educational efforts of the Bureau's field office in its Maryland areas of jurisdiction were hampered by a system of illegal apprenticeship of school-age children. In direct conflict with the Civil Rights Act of 1866 (14 Stat. 27), black children were being bound to their former owners for indefinite periods of time with the help of Maryland government officials. An estimated 10,000 black children were bound out as apprentices between 1864 and 1867. The Bureau, however, through writs of *habeas corpus* and other court actions, fought vigorously to have these children released. By 1868, the intense efforts of the Bureau had largely ended the

apprenticeship system in Maryland.⁸

Although the illegal apprenticeship system hindered the Bureau's educational activities in Maryland, the agency still managed to provide assistance with the construction and repair of school buildings and protection of and transportation for teachers. To increase the Bureau's visibility and to gauge the interest of freedmen in the establishment of schools, Superintendent Kimball traveled to various counties in Maryland, holding meetings on the benefits of education and the Bureau's intention to provide aid for schools. In addition, the Bureau worked hand in hand with private benevolent societies, such as the Baltimore Association, the American Missionary Association, and the Freedmen's Union Association, to sustain freedmen schools during a period when white opposition to black schools in Maryland was intense and support for such schools was nonexistent. From October 1867 to October 1868, the Bureau provided aid and assistance to 80 schools in Maryland.⁹

West Virginia maintained a system of free education, but whites controlled funds for schools and the employment of teachers, and schools for blacks and whites were required by law to be separate. Bureau officials worked closely with the West Virginia superintendent of free schools in the establishment of schools for freedmen. As in Maryland, Bureau officials traveled throughout West Virginia counties, advising freedmen of its support and plans for building freedmen schools. Similar to other areas under its jurisdiction, the Bureau supplied funds for buildings, and teachers were generally paid from public funds, contributions from blacks, and aid from benevolent societies. By 1868, with cooperation mostly from freedmen themselves, the Bureau was able to establish 9 schools in West Virginia. Although there were no laws in Delaware by October 1868 for the support of black schools, the Delaware Association, with assistance from Northern societies, sustained some 23 schools in various parts of the state. The Freedmen's Bureau provided assistance in the construction of 12 of the school buildings.¹⁰

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Oliver Otis Howard on May 30, 1865, Assistant

Commissioners were authorized, in places where civil law had been interrupted and blacks' rights to justice were being denied, to adjudicate cases between blacks themselves and between blacks and whites. In the District of Columbia and Maryland, the civil process of law had not been interrupted, and unlike many areas of the South under the Bureau's jurisdiction, no freedmen's or provost courts were in operation. The Bureau did however, provide legal assistance to freedmen in civil and criminal cases in the both the District of Columbia and Maryland. This was done especially in instances where freedmen lacked counsel and in cases where Bureau officials felt that freedmen were wrongly convicted or imprisoned. Court cases involving freedmen in Alexandria, VA, were handled by provost courts until June 10, 1866, when the Virginia legislature abolished laws that did not allow blacks to sue or be a party to a suit, or testify in cases in which they were involved. In 1868, the Assistant Commissioner reported that nearly 900 cases had been attended to by the Bureau. A large percentage of the cases involved incidents in Maryland.¹¹

The Freedmen Bureau's field office in the District of Columbia made a special effort to assist freed men and women in legalizing marriages that they had entered into during their enslavement. Continuing a practice that had been started by Northern missionaries and Army clergy, Rev. John Kimball, who served as the superintendent of marriages for the District of Columbia, advised freedmen of the act of Congress of July 25, 1866 (14 Stat. 236), relating to slave marriages. The act stipulated that all persons who recognized each other as man and wife prior to the act were now legally married. Superintendent Kimball and his assistants issued marriage licenses and certificates and forwarded them along with marriage reports to the Office of the Commissioner. During the year, Kimball issued more than 1,000 marriage certificates. Nearly half of the couples who received certificates had lived in slavery without any form of marriage ceremony. Kimball also registered couples and forwarded ministers' reports of marriages that were retained by the Assistant Commissioner. In addition to the reports received from Kimball, the Assistant Commissioner also received reports from other officers regarding laws relating to marriage in the District of Columbia, Maryland, and Virginia. A March 22, 1867, act of the Maryland General Assembly validated freedmen marriages in Maryland. In Virginia, two February 27, 1866, acts of the Virginia General Assembly made provisions for issuing marriage licenses and the registration and legalization of marriage relations entered into by former slave couples.¹²

In addition to assisting freedmen in solemnizing slave marriages, the Bureau helped discharged soldiers and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Freedmen's Bureau the sole agent for payment of claims of black veterans, Bureau disbursing officers assisted veterans in the preparation and settlement of claims. While many of the subdistricts under the jurisdiction of the District of Columbia field office were involved in veterans claims, most of the activities of the Bureau were centered in Baltimore, MD, where two full-time disbursing officers were assigned to settle and pay veterans claims. In 1868 Bureau agents disbursed more than \$100,000 for military claims.¹³

RECORDS DESCRIPTION

The records reproduced in this microfilm publication consist of volumes and inbound records. The volumes were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that do not appear in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are a number of blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, employment registers, registers of contraband camps, marriage records, special orders and circulars issued, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters received, special orders and circulars received, labor contracts, monthly reports, transportation orders, employment rosters, and ministers' reports relating to marriages.

LIST OF BOOK RECORDS

The single-volume list of book records of officers in the District of Columbia (no date) is arranged by office, with records of the Assistant Commissioner first. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the volume number appears in parentheses in the series descriptions of the records.

I do not know the man person-

a substitute broker, which

as my observation goes,

He has no government office.

My Sir

This morning we had a real "dissolution" - John Harod or Harve (who pretends to be an exhorter & commenced a Sunday School & of whom I had formed a good opinion) has instigated a semi insurrection this morning & induced the hands to quit work & thereby stoped my Teams & plow - Andrew Jenkins was his second in the movement - Henry Venable (Yellow Man) had gone to work & is a real good hand but was persuaded away by Jenkins - George Washington remains - James R. Holmes the bearer of this intends to return to go into the woods to work by the piece on Cross Ties. Sam says he intends to go also - He has a woman & they have some few things which they cannot so readily move - Sam is not at work & pretends to be sick - These men were evidently influenced by the free men of colour as well as the white in the neighbourhood - The pretext of the "strike" was this & John

the preacher went on terribly & all about
this simple fact - He (John the preacher, who
is lame in one leg) addressed himself to my
son in a very coarse unbecoming manner
calling him - John - & my son simply told him
to address himself with more respect or to
speak respectfully - whereupon he commenced
his "furor" & bring very ignorant transcended
altogether the bounds of propriety & called
upon the boys to follow him - Of course
I made no resistance & quietly told them
they must all settle with me & that I
should report them to your office - John
said he cared for no "Bureau" nor safe &
went on in such defiant terms - Poor
Creatures I don't know what will become
of them - I certainly don't want such
material as this about me - After taking
back such cloathing as I could have
used from the boys which I had advanced
them with money - John fell in debt \$4.10
Henry Venable 2.72 Jenkins .86 & all were
over paid considerably except James the bearer
- James will try & get me 6 or 8 men to go
into the woods to whom I propose to give 6 or
7 cts per ft for scoring Crops & as I have men
engaged to hew the ties after them - If
they are industrious they can do very well

& support themselves handsomely - It appears
John & Jenkins had made up their minds
not to go into the woods even upon the change
I proposed, which James will tell you was
as fair as I could offer - It is altogether
best for John & Jenkins not to be here as
they evidently demoralized all the rest
& I would not now have either of them for
their board, nor would any one else if they
are known - Jenkins after settlement
proposed to remain to work out his indebted-
ness, evidently relenting his conduct but
having joined John in the disruption I
deem it best he should take the fruit of his
action - John is evidently a bad man is
calculated to bring the Freedmen into much
difficulty - You ought to bring upon him such
a restraint as to prevent not only a serious
hurt to himself but save others from
his folly & madness - I will probably
be down in few days again to see you
- I am not disheartened as we must
expect to find bad men among these
poor Creatures who are so easily influ-
enced by others - The Circular I sent you
ought by all means be made to apply to
this neighbourhood - I am in great haste
Yours truly
S. P. Davis

A.B. (As I have just heard)
This "furor" was it seems, cooked
up last week, as a black woman
working at a neighbour's stated this
morning that the boys intended
to do so. It was a preconcerted
affair altogether & this accounts
for the rough manner of John &
Jenkins to my son to make a
pretence —

I have just been told by George Washington that a fellow by the name of Randolph ^(white man) Harp (a villain of first water) endeavored to persuade him away also, forging the most infamous false hood - It would seem these creatures around here were constantly assailing these poor creatures, ^{the freedmen} I trust Col. Eaton will at once adopt ~~such~~ measures to bring such miserable creatures to punishment.

In great hurry

James can give you the true story of the boys behavior -

City of Washington }

I daily learn a resident of
Charles Co. Md. may have done some dark deeds and
told the following. On Saturday night Dec 3rd 1865
Alexander Brooks an ex-soldier of the 20th U.S.C. 55th
and myself visited the store of Mr Rick Posy a
Chickamauga son Charles Co. Md. While at this store
Brooks took his pocket-handkerchief and remarked that
some one had it. When this remark was made a man
(white) by the name of Charles Gilroy jumped up and
addressing Brooks said You "damned Yankee son
of a bitch" You must shut up your handkerchief
Brooks told Gilroy not to call him that again
Gilroy then struck Brooks who defended himself.
Mrs Posy wife of Rick Posy attempted to assist
in parting them and while doing so received a
blow from some one. On New Years day Brooks
was arrested and thrown into the jail at Port
Tobacco on the charge of having struck a white
Woman. The Magistrate (Mr Fowler) having jurisdiction
of the case refused to receive the security proffered

because the securities were colored though he
stated he would bail Brooks at \$200 if white
Harris would be his security

As Brooks is now lying in jail and as they will
not receive good and sufficient security for his
appearance & as his friend desire to bring the
matter before the proper authorities that he may
have justice done him

Resolves of March, A. 1866

It having been represented that the houses and streets of the neighborhoods in which reside that class of colored people known as "Contrabands," are in such an extremely filthy condition, that upon the approach of warm weather, pestilential disease is likely to prevail in such portions of the community, and spread from them throughout the District.

Therefore be it resolved, That the Superintendent be directed to cause a thorough inspection to be made into the sanitary condition of all neighborhoods of "Contrabands" within the District of Columbia, and submit to this Board, at its next meeting, a full report showing the state of such sections of the District in respect to general and personal cleanliness, and in respect to the condition generally of such "Contrabands" in respect to food, clothing & fuel.

Be it further resolved, That the maximum number of sanitary officers be detailed for sanitary duty from this instant.

Department of Metropolitan Police,
Office of Superintendent,
488 10th Street West,
Washington March, 6th 1866,

To the Board of Police,

Gentlemen,

I have the honor at this time, to submit a report, based mainly upon personal inspection, of the Sanitary condition of certain localities in the city of Washington, inhabited by colored people, mostly known as "Cottagers," together with certain other facts connected with the condition of these people.

The first locality visited is known as "Mud Run," and is situated between 15th and 16th Street West, between Ohio Avenue, and extending on the Washington Canal. These dwellings, fifth and sixth story seem to me with each other in a corner of degradation and death. Whole families, consisting of fathers, mothers, children, uncles and aunts, according to their own statement, are crowded into a single room for shelter, which are almost lightless ventilation. During storms of rain or snow, the roofs afford but slight protection; and from beneath a few rough boards, used for floors, the water and the offensive gas from the sewerage is falling in a constant stream, mingled with the exhalations from the unburied bodies of numerous inmates, rendering the atmosphere within these hovels, stifling and sickening in the extreme. Their rooms are usually not more than six or eight feet square, with not a window or even an opening, (except a door) for the admission of light. Some of the rooms are entirely surrounded by other rooms, so that no light at all reaches where persons live and spend their days and nights. In a space about fifty yards

square. I found that one hundred families, amounting of from three to ten persons each, living in shanties one story in height, were kept in a few instances where shanties are actually built on the tops of others.

There is a distance of only three or four feet separating these buildings from each other, not even as convenient as an ordinary three foot alley. These openings lead in so serious a course that one with difficulty finds his way out again. These poor people, not even these fathers are furnished with currents of fresh air. In one building visited, seventeen families were found upon the ground floor, consisting of from two to seven persons each, one restaurant and one boarding house. The second story is a large dance hall, where these people nightly congregate for amusement.

Nearly all these people came from Virginia during the rebellion, and some of them propose to return whenever they are assured that they can get work to do there, and will be well treated. It was found that from five to eight dollars per month are paid for the rent of these miserable shanties, except in some instances where a ground rent of three dollars per month is paid for a little spot covering a few square feet. There some of the more enterprising have erected cabins of their own. These also are in equally close proximity to each other, so that it is with difficulty that one can crowd between them.

On the west side of 14th street, near the same locality, are a large number of small buildings, which however, are kept in a somewhat more cleanly condition, and are opened to light and ventilation. There some of the occupants of houses, boast of small back yards, but so low & wet are their surfaces, that they are a curse, rather than a benefit. Filthy water here accumulates,

from which, with the advent of warm weather, the seeds of disease must spread among, and destroy the wretched people.

In each of these localities, there are no proper living accommodations, those that exist are in a leaky and filthy condition, generally. Nor can the Sanitary laws be properly enforced against delinquents, for they have no means wherewith to pay fines, and a commitment to the work-house, is no punishment.

I can see no efficient mode of remedying this evil except that scavengers be employed at the public expense, to visit these localities; though by far the best remedy would be to require that these buildings be razed to the ground.

Under the best Sanitary Laws, that can be enacted, stringently enforced, these places can be considered as nothing better than propagating grounds of crime, disease and death; and in the case of a prevailing epidemic, the condition of these localities would be horrible to contemplate.

A similarly crowded lot of shanties exists on Rhode Island Avenue between 10th and eleventh Streets, though with fresh air and clean lines, a somewhat better condition of things exists, there in a space of some two hundred feet square, 213 persons reside, mostly known as "intrabands."

There are several other places, equally crowded, within the city limits, which I have not yet had time to visit and inspect personally, for which purpose I respectfully ask for further time.

She feels that her father should

 I visited a locality mentioned within
 and inquired for the child Mary
 Smith. The parties claiming her
 at first denied such a child
 being there though afterwards
 in conversation virtually acknowl-
 edged it. I saw a girl there who
 I am satisfied was the girl I was
 looking for. This child ran off and
 hid herself. I was told so to do
 by one of the women who claims
 to be her mother. The place is a
 very bad one much worse in my
 opinion than the statement of Anderson
 makes it appear. As some parties evidently
 do not intend to deliver the child
 without being compelled to do so
 I have the honor to recommend that
 a guard be sent to arrest all the
 parties living in John Smith's house
 or else that the mother of this girl
 take the matter before the proper
 civil authority for adjudication.

Sir I have the honor
to inform you that George Fack a discharged
negro soldier wrote from Washington in
January last, telling his mother here,
Louisa Howell, of his being sick
Since that date, although she has written
to him and his acquaintances, no intelligence
of him has been received. In her solicitude
she appeals to you; and thought to request
your kind office in endeavoring to obtain some
information in regard to the man.

The address he gave is so obscure that
I presume her letter has not been deli-
vered. He says "I am stopping with Mrs
Elizabeth Tilghman between 20th & 21st Sts & L &
W." William R. Tilgham, son of the
woman last named wrote the letter.

District of Columbia -- County of Washington D.C.

I James E. Thornton a resident of the City of Washington having been duly sworn doth depose and state the following

On Thursday July 9th about 3 P.M. I was engaged painting a hack in the stable of Messrs Jno and Carter Bell situated on "C" St North bet 6th & 7th Sts West At this time a Colored boy about 19 yrs old, named Henry — and who was employed by Messrs Bell at the stable, was sitting on feed trough just inside the stable. While sitting there two white boys aged about 12 yrs came along and one of them commenced to interfere with the watering hose bringing to the stable and to strike the same over a barrel Henry — told the white boy to "let the hose alone and go on about his business" The boy asked him what he said. The Colored boy Henry — repeated his remark and added that if he (the white boy) broke the hose he would have no money to pay for it. The boy answered and said "Shut your mouth you Black Nigger I will beat it as much as I please." The Colored boy again told him to let the hose alone and go on. The white boy answered that he would show him whether he would or not and again commenced to beat the hose over the barrel. When the Colored boy took the white boy by the arm and shoved him away. As he was pushed away He turned and struck the Colored boy with a stick and then started to run. As he ran the Colored boy struck him with a stick

across his snaffle. As he struck him the white boy put his hands behind him and received part of the blow on his arm. The boy then commenced to dance and scream - that his arm was broken. The Colored boy then returned to the stable,

Mr James Holland a clerk in Mr. Merrells paint store situated next door to the stable and who boards with the white boys Messrs came into the stable and inquired who struck the boy, He did not see one and addressed his question to Henry —. Henry ~~answered~~ and said he would knock the head off the damned son of a bitch that did it. Henry answered that he struck him whereupon Holland ^{struck} ~~commenced to strike~~ the Colored boy in the face with his fist and continued to strike him. They then fought for a minute or so when Holland finding that he was getting the worst of it desisted and felt in his pockets as if hunting for a weapon. Not finding one he still hesitated to renew the fight until three other white men (unknown to me but who afterwards bore witness against the Colored boy) came to the stable door. When Holland saw these three men he commenced the fight again. These three men (who were ignorant of the origin of the trouble and only knew that it was a fight between a white man and a negro) when they saw the state of affairs went in to the assistance of Holland one or two of them holding the Colored boy all of them beating him. This continued for some minutes when Holland got a pocket-knife and one of the other men a club evidently with the intention

Dear Sir

I shall want in a few weeks a man + his wife the former to take care of family, horses, go if needed to the latter as a first class cook, can you furnish such help. I must have a man that is intelligent & trustworthy in every particular. In such I could do well by. We are located in a small village in the RR 100 miles (5 hours) from N.Y.

I suppose such servants are coming in from the South or have already come in large numbers, but you may not be the one to apply to. I have done so for lack of information as to the right course to pursue. Hope to hear from you.

I must be

Department Freedmen's Bureau,

If
I am not mistaken I read in the
New York Tribune (I cannot now find the
article) that any one could have a
servant by applying for one and
Government would forward and pay
his or her passage without expense
to the employer if so you may send
a negro or freedgirl from 18 to 25
years old (I don't want a field hand)
but one that is free from disease
and I will do well by her, should
she be apt to learn I can do well for
her in the best way or pay her money

see directions next page

Wm. R. Smith to 11/16/66

If you send me a colored
girl direct her to Maine, York Co.
Laco Depot from there by stage
to Salmon Falls Hollis about 8 miles.
Then to Horatio Dunn's 1 mile no public
conveyance If I knew when she would
come I would meet her to Laco Depot

I live on a farm and should
require her ~~for~~ to help do work about
the house, the sooner she is sent
the warmer the weather will be
for her.

With respect

Gentlemen

Some two months since
I saw a notice in the
N. Y. Tribune stating that
parties wanting. Others help
could procure it by applying
to a Lady (Name given which
I have forgotten) in Washington
I cut the notice out and
wrote to the Lady for information
but have received no answer
I should write her again
had I not lost the direction
& that will be my excuse
for troubling you
I would like to hire a girl
of good habits that is bright

& intelligent. Say from 14 to 16
years of age. I want to take
her in my family & give her
a good home & my ^{wife} will take
pains to learn her in our
way of domestic life. To a
girl that can be recommended
& that should prove worthy
would find a good home
I also should like a Colored
boy say 14 years of age good
& smart looking to put in
my stone work of errands
and other light work
I would also take him to
my home. If this cannot
be done if I could get
a woman that would be
a good house servant that
had a son say ~~of~~
fourteen or thereabouts. would
answer. Gentlemen if
You will answer this and

give me the information, what
is necessary to be done in order
to obtain help you will confer
a favor & probably be of great
help to some freed people
I thought of coming on
to Washington next week, but
shall wait an answer to
this. & I would say that
if my wants can possibly
be filled without coming
on it would greatly oblige
me as my business now is
active & it is almost
impossible for me to leave
If you cannot do anything
if you will only be so kind
as to write me who & where to
apply to you will very much
oblige
Yours Very truly

to request transportation for fellow prisoners
aged 16 years and 11 years of age, and another
aged 12 years and 11 years of age, (residing at
place called Redneckburg on the Island in
Washington D.C.) to Englishburg Va.

They say have been sent by their
Grandmother who is represented as crossing a
house and so on of the above - they
promise them a good home -

They will be partly dependent on the
government if they remain here - they want
to go to Englishburg and I would recom-
mend that transportation be furnished -

I see from
article in the "Courant" that you are
expecting an installment of girls
from the "Freedmen's Bureau"
from which you will be prepared
to furnish families who may
want such help. We want a girl
of this class of about twelve years
of age. We prefer one of this age be-
cause that if she should happen
to have any bad habits there is
at this age some probability of
overcoming them, under proper
tutelage, and the younger she is
the better the chance to bring her
up as she should be. If you expect
to have any girls of the above mentioned
age and description please inform
me by letter or if you do not please
inform me so that I may know what
contemplations to make.

I respectfully

For some time past Mrs. Baldwin
has utterly refused to investigate cases
of destitution referred to her, in very

In fact she has by this course caused me
more trouble than have all my other
duties combined. The regular duties
of my office will not of course, permit me

Mrs Baldwin's District is one in

Your letter telling why you did not come to Phil^a according to promise reached me safe it found me & Henry well I was glad to hear you were all well. I am living with a farmer by the name of Mr Henry Morris one mile from Maystown, Monmouth County, New Jersey. Mistress is very much in need of a woman and I want you to come as soon as you can for fear she will get tired of waiting and will get some one before you get here. Be sure and get transportation first and then write me what day you will come and I will meet you in Philadelphia. I enclose a note for Col. Beebe ~~which~~ you will give him

it will tell all about - where I am and
then you will have no trouble to get him
to give you transportation. If you can

or only to Philadelphia and what day you
will come so I shall know when and where
to meet you. No more at present - with

James S. White,
{ March 5th 1867. }

Adj. Gen. 444th Reg. U.S. Infy.
Reservoirs Barracks
Washington D.C.
March 22 1867.

Sir,

I have the honor to forward herewith
the report of Lt. Marcotte in reference to
the complaint made against the fraud at
Kendall Green by the Superintendent of
the Freedmen's Bureau.

I also return the papers directing this
investigation, which were referred by Gen.
to these Ad. Gen. on the 25th ult. and
immediately placed by Capt. McNett, at
that time commanding the regiment, in
the hands of Lt. Marcotte, with directions
to make the required investigation.

Lt. Marcotte has visited Kendall
Green three times for the purpose of
making this investigation, but it was
only yesterday that he succeeded
in seeing the Superintendent, and it
was impossible to make the report
without doing so. This will

account for the delay in making
the report, to which delay my attention
was called in your letter of the 28th ult.,
which I have now the honor to acknowledge.

"In that letter you desire that
I take immediate measures to stop this
disgraceful and unsoldierly conduct
among the guard" also that I will
be held responsible that prompt steps
are taken to prevent its recurrence."

This refers to the complaint of the
agents of the Freedmen's Bureau, that
the guard was drunk, disorderly, and
frequently absent from their posts."

Judging from the report of the
Agents and from my own inquiries
on the subject I do not believe that
these disgraceful and unsoldierly
proceedings which are reported have
occurred.

If however any such occurrences
have taken place I would respectfully
suggest as an essential measure

to prevent their recurrence, that
this guard be relieved from all
intermediate responsibility to the
superintendent of the Freedmen's
Bureau, or that he should be
made accountable to the field officer
of the day, who visits this guard
daily, and from whom they now receive
instructions, as well as from the Superintendent.

I have the honor to be

Dear Mr. [illegible]

Dear Sir

*My attention has been called to a letter
Explanation of J. L. Roberts Sept 10. 1867. relative to employing
free and colored persons. In which Mr. Roberts states that he
confident that men upon my implicit authority as sent from
Sept 10. I have the honor to state, that I must emphatically
deny the imputation. I think I know my duties well, to
assume authority that can only be exercised by the Local
Commissioner. I said to Mr. Roberts that we had no business
dealing with such of our servants as were in dangerous or bad
and was unable to pay. That to such servants we gave
the position of nothing and this act. And I thought no
objection could be made if we should do the same to his
servants. And he said he had quite a number who would
be glad to avail themselves of such an opportunity. I am
not mistaken in this matter. And I think I shall be free
our conversation on my return from Mr. Roberts' camp.*

Lieutenant,

I have the honor to state,
that in accordance with instructions from Col. Beebe, Local
Supt., D. C. I have directed the certain Employment Agents
to canvass the City with the view of collecting such colored
Children as may be found on the Streets in idleness, at the
Schools. i. e. to give to each a card of admission to the nearest
School. The Agents report, that many of the Children
would be glad to avail themselves of the opportunity, but
that most the Schools are full, or that the Teachers
state, that they have orders to admit but (50) Fifty Pupils
in their Schools. I have therefore to request instructions
in the premises. Shall the work still be continued.

Dear Sir,

I have perused with some
attention your Circular No. 10. I have found
the 11th paragraph on duty as Transport Director
to be a duplicate of the 10th paragraph of this
Circular. Where transportation is desired
and no further notice is required
than the giving of orders and payment
to be made by the Transport Director to get
the goods to the place of destination (at
least a year) as to the number sent on each order,
to get of such order, and witness the signature
of the person in possession of the goods, and
to sign the conditions in writing as well as the
signature "Receipt" to the person of destination, by
his signature in case of any substitution of the
goods. When transportation is
desired, and further notice is required from being

and of the report of the Committee
on the proposed transportation and
provision of food for more than the
time actually used, and as Mr
Manning's same report offers no other
particulars and (as it is) it is necessary
to be satisfied of the transportation was
properly done.

I have from the date Mr Manning
was made to the Committee and I do not
know of any further steps taken, and I am
certainly not a member of the Committee. I have the honor to
state that the same is not to be expected
satisfaction, and I am not to be expected
transportation of food. On the date of 18th Dec
1864, I do not know of any further steps taken
and I am not to be expected to be expected
to pay every month.

I am, Sir, very respectfully,

Sir W. W. Rogers,

A. A. A. L.

I have the honor to forward the following statement for the consideration of the Assistant Com. Mission:

Botsey Davis is living on the 1st of 10th St. N. E. City, Dept. with her former owner, Richard Polk, residing at 1000 G. St. N. E. City. Her three children, viz. the aged 7, little son (about 4) and her mother, Harriet Davis, aged about 60. She was in poor way. Since that time the children and mother have resided with Sir's family. Harriet works, contributing for the support of the children.

Lately Sir's sent word to Botsey to come and take her mother and children away, as he could not support them any longer. He therefore asks that transportation be furnished them to this city, where she can support the children - with the aid of the mother. Botsey is a washerwoman and states that she earns about ten dollars per month.

Respectfully etc.

three at a cost to the Bureau besides salaries of

advantage.

Lieut

Daniel Lewis Miller
appeared at this office today and stated that he
was sent from Newell barracks to Providence R. I.
about the 12th of March last. On arrival he reported
to H. G. Stewart Agent who hired him to Mr Smith
owner of a brick yard, who promised to pay him as
much as he was worth - would not give any more
satisfactory promise. Daniel worked (with the exception
of 2 or 3 days) five months and was discharged
on July 10th. Later when Daniel spoke to Mr Smith
about his pay he said he would discharge him
& ^{told him} he could get his money from Mr Stewart. Who
paid ^{him} \$10 and said that amount was all he
was entitled to. He received from Mr Smith
1 Jacket 1 pair of pants 1 Straw hat 1 Shirt
1 pr Shoes 1 pr stockings as part pay
out of the price of which he has no idea

If this statement be true it would appear
that there is money due from Smith. I would
therefore respectfully suggest that this statement
be referred to Mr H. V. Stewart Agent Providence
R. I. for investigation and report.

I have the honor to acknowledge the receipt of your order Aug 19th directing me "to investigate & report" in reference to the freedman Daniel Lewis Miller, & herewith submit the following statement.

The said Daniel, was engaged to work for Mr Daniel A. Smith, with the understanding that he should receive the full value per month for his work. After a few days, Mr Smith reported to me that Daniel was of little or no service to him, & he must return him to my office. I however provided Mr Smith to keep him for a while longer at least, as he might perhaps improve, & I had no place for him.

Soon after this. Daniel was missing one morn-
ing and Mr Smith did not see him for more than
two weeks. He then returned and was permitted
to go to work. But soon Mr Smith. came to me
again. Saying he did not wish to keep Daniel,
that he not really worth his board & clothes, that
every month regularly, he had, for three or four days
in succession, "a sort of lumbago", making him trouble.
He pitied the boy however, & was willing to
do what he could for him. At my earnest request he
consented to keep ^{him}. Aug 17th Daniel left Mr Smith
of his own accord, reported at my office saying "I am
going to Washington". Mr Smith did not discharge
him nor send him away, though he was very willing
to have him go. I enclose Mr Smith's account
showing the amount paid to Daniel, & which, in
my opinion is all he is justly entitled to.

My dear daughter.

Your letter notifying me of the death of your husband, was duly received and you had better settle up your affairs in Washington as soon as possible and come down to your sister's home I propose you shall live for the present year. Mr James Doyle has no place here for you or your children, as the kitchen is already full of hirings. As long as it is in my power I will aid and assist you. If the weather was not so hot, I would come over to Washington, but I am not strong enough to do so. If you come to Annapolis next Saturday week (30 of August) I will

endeavour to meet you at Mrs Llewellyn's

In compliance with instructions contained
in a communication from you dated 14th November
1867, I have directed the James County, Va. to investigate
the case of Minnie Smith & Co.

I found the residence of
John P. Smith, Esq. to be near Louisville, Ky., about
one mile from the Tennessee line.

Mr. Gray informed me
that he had residing in his family a colored girl by
name of Minnie, that was brought up by his father
John P. Smith, of Spotsylvania County Virginia, that he
(John P. Smith) came into possession of this child by the
decease of his father, and that he brought her into
Kentucky about eight or ten years ago. That Minnie is
at this time fifteen (15) years of age. That she has not
been from under his protection from the time that he
took her from her home in Virginia. She is not ap-

permitted nor has he felt a disposition to have
her placed under any legal restraint. Mr. Day ex-
pressed himself as not only being willing to restore
this girl to her parents but said he would aid her
with money to reach them, if he was satisfied that
they were in a condition to care for her.

Minnie has but little
recollection of her parents, says that her father's name
was Edgar Massey, and her mother Matilda Day.

She is a well grown
child but suffers from "Scrophula" in the side of
her neck and head. She expressed a decided
preference for Mr. Day and his family and
said that nothing would induce her to leave them.

I found Mr. Day to be a
thorough sensible man and a Christian gentleman
and from the character that he bears amongst
his neighbors I have not the slightest doubt but
what he will take pleasure in restoring this child
to the parents when called upon so to do by the
proper authority.

Sir

In compliance with your request I have the honor to state in relation to the case of Anna Sims and Ellen Brooke for whom transportation was asked to New York City, that both girls went to that City on the same train with myself, and both were in the Office, in Jersey City on the morning of my arrival.

That Ellen Brooke appeared at the Depot, in this City, Sept 23rd /67, but through mistake was not examined (with description) by the Trans^t Agent.

That I had no conversation with Anna Sims at the Depot, or on the train before she left, and had no knowledge of her having received transportation before, until I saw Mr. Dierbon at the Depot, after the Agent had examined her papers with those of Amanda Chue, (on the same Order). That the whole party for New York, when dismissed by the Trans^t Agent, passed down to the

car with W. P. Clark, on the outside of the Gate, as usual, and afterward the Agent took the remainder of the company going to Hartford and Providence, to the same car -

Being seated at that time in another car, the Agent said to me as he passed, "I have told Anna Sims, she cannot go to New York, as she has had transportation before, and her name is crossed off the transportation Order" -

Upon finding that Ellen Brooks had no transportation I said to the conductor, that probably through mistake it was retained by the Agent. (as we had been notified it had been issued) and would be handed to the Agent, Mr. Hooty -

The conductor said nothing to me of any other person without transportation, and whether Anna Sims paid her fare or not, I do not know -

Ellen Brooks, with another Freedwoman, left the Jersey City Office, early the morning of her arrival, to be employed by a Lady living in Jersey City, and near the office, as I understood -

Sir. I have the honor of making the following report in reference to one Ellen Brooks — Freed woman, who was said to have left this City September 23rd 1867 but owing to negligence upon my part failed to receive transportation that had been provided ^{her} by the heads of this Bureau

The facts in the case are as follows viz; On the evening of the 23rd of September 1867 I met at the Baltimore Depot in this City the following Agents of this Bureau, and they there presented the number set opposite their names for transportation Mrs J S Griffing (16), Sister Mrs M. V. Wright (4), four Mr J K Distrow 3, three Total (23), Twenty Three. Mrs Griffing on that occasion had received transportation from this Bureau and was ordered to proceed in charge of her party to their place of destination. While standing at my desk in the depot filling up the transportation receipts for Mrs Griffing's party. I called the name of one Annie Sims and was informed by Mr Distrow that transportation had once before been provided for this girl and that she had been sent away. Upon the receipt of this information I turned to Mrs Griffing, Annie Sims and told them that Annie Sims could not go on this transportation

as it was in violation of my orders to allow any one to have the benefit of transportation twice Mrs Griffing remarked that she was very sorry and that she had no knowledge of transportation ever having been issued before to this girl. and at the same time taking Annie Sims one side and had a private interview with her. and then came to me and said she thought there was some mistake about the matter as Annie Sims denies of ever having received or received transportation before. I told her that I could not help that, as Mr Disbrow knew the girl he was not mistaken. and that I should not send her.

Soon as I was through with each Agent they took their party and put them aboard of the train, Mrs Griffing being the last. I then started for the car in company with Mrs Griffing and a portion of her party Mr Clerk having preceded us with the first that was inspected, we both entered the car together and in her presence I called the name of each person to be transported found them to be correct, wrote over and now under, I then placed them together as they appeared upon the transportation orders. delivered the transportation to the parties whom it belonged, gave Mrs Griffing the transportation for her party, and then turned to Annie Sims whom I had refused, and told her again that she could not go, and that she had better get off of the train as the Gov. would not pay her way. She refused to do so. I then left the car and in passing down on the outside of the train back through the Depot I discovered Mrs Griffing seated in a car. I called to her

and told her that Annie Sims was on the train and that I had again told her she could not go. Mrs Griffing says to me you are not an officer and have ^{not} the power to eject her from the train. I told her I was not but supposed I could have it done. Mrs Griffing then says to me you let her be I will see that she gets through all right. for I think it better for her to go. I said to her all right and left her. The person of Ellen Brooks on that evening was not presented for transportation. her name was not called. and I am certain I could not of over looked her in the car. for I inquired the name of every colored person in it. consequently Ellen Brooks could not have went. and further she has never been sent.

many times. I staid with Dickson 8 months
and becoming convinced from his actions that
he did not intend to fulfill his promise and
there being no tribunals to whom I could ap-
ply for relief - I left the plantation and came
North. This was after the crop was gathered.
Before leaving however, I asked him to fulfill
his promise and give me a part of the crop for

Charles Chilton, colored with wife & 2 children. Summed 11 yrs. William 5 yrs. (son) 2 yrs. of age, called at this office this A.M. and makes the following statement.

On the 14th of Sept. 1867, I, Steven, then Sup^t of Bureau R. I. & G. at Lynchburg, Va. hired Chilton & family to work for the Sts. Church, Lewis & Clark, N.Y. Chilton claims that the Agent forfeited the contract & that he & family instead of working for me for one year, were discharged from me on the 1st inst. whereupon he (Chilton) started for Lynchburg, Va. and on arriving at Washington he was short of money - thus was he unable to proceed on his journey, whereupon he stated to the Bureau, that he will be immediately re-employed on his arrival at Lynchburg by Edward C. Phillips, proprietor of Bedford Hotel at Lynchburg.

There is no doubt but that this family

could have obtained employment in or about the
City of Rochester, N.Y. that they chosen to remain.
but they imprudently have spent out all the money
and are now in the street. I therefore respectfully
recommend that they be provided with transportation

Sir

In consequence of the loss -
by fire at Kindal Green of all the clothing and beds of
about two hundred and fifty destitute Freed people -
(excepting the clothing on the persons at the time of the fire)
— I have the honor to request that material for clothing
for women and children - may be furnished for manufac-
-ture at this Ind. School. 394, N. Cap. St.

Fifty women can
continue manufacturing mens garments - and fifty
more - all now unemployed & suffering in various ways -
for the necessaries of life - can make up the deficiency of
women's clothing.

If this meets your approval - I would
reibly request that - two stores may be furnished
for the upper rooms of this Building - and that two
of the Sewing women - who have been taught to tread together
- on women and children's clothing - may assist in the school to
prepare work at a salary of twelve dollars each - while such services

are needed.

Mr Chamberlin late Supt. of Winnet and East Capt. Janney, and who was discharged on the 1st inst. is deficient in his account of rent collected at Winnet barracks, for the month of December 1867, to the amount of Fifty one (\$51.50) Dollars and fifty cents. Mr Chamberlin accounts for this deficiency as follows: That on or about the 6th day of December 1867, his room was entered, and he was robbed of about One hundred \$100. by some party unknown. Mr Lusk then a watchman at the barracks, was arrested and confined at Police Court but for want of sufficient evidence was discharged. I have no doubt but that Mr Lusk stole the money and I immediately discharged him; (but Mr Chamberlin is without employment and without means to repay the money lost, I have the honor to request permission to have his name on my roll of employees, during the month of January, that the amount may be made up, and the accounts of rent closed.

I am requested
by Mr. Dirbow to send us more women for
clothing, as there is none in his Office. He
says that they come in great numbers
and suffer from standing & waiting in the
cold - and that letters should not be given
unless clothing can be furnished.

In view of this fact above stated
and the extreme want of employment and bread
in hundreds of applicants to the Ind. School -
I trust favorable action will be taken upon

Sir

I am
pardon Charlotte Barnes that Mrs
Pierce called to see you about
it and at the same time will you
please have her removed, it is
really distressing to hear her and
be with her, we are obliged to
keep her in the room with the
other old women, they are all afraid
of her, indeed there is reason for
them to be, she is violent at
times, her screams are heard all
through the house, it is her duty
to take care of her

Very Respectfully

Eliza Beacock

Local Sup't. St. Bureau Reg't.

Sir

I have the honor to state
that at half past nine this morning seventy four men
were at this Office for employment - at eleven o'clock our numbers
nearly all heads of families - and all demanding that
their cases are deserving consideration at once. I think
every man among them has applied over and over again
for work at this place. I know most of their families but
understand from your directions of yesterday that they
must be visited at their homes - which work will require
a force considerably larger than ours. I therefore respect-
fully forward "Data" of the following named destitute
persons unemployed who request work.

viz -

Dear Sir -

Since the
receipt of your note to Mr.
T. A. R. I have had a copy-
ing done of the same and the
opposite, in the book of the
and now I see, that I should
not have to find another
place and I have not
yet within the week. Finding
that we were disappointed to say
that the time was short,
I have extended the term
until the 1st of August, as we
all would have a good
enough time to do so.

He has despised, and treated
as in the use of vulgar
language, that he has not
intended to obey the notice.
He says defiantly that "this
is a government building"
that he has a good right
to a house here or any way
else, etc.

I gave him notice to
leave, & I informed him,
because he was sitting himself
against the shirvances of the
rules for the good order of
house, using his influence
actively to break down laws,
and cause them to be dis-
regarded, and persisting in
false statements respecting
those who in the discharge
their appointed duty, were

SEP 14/68

Ann Arbor - Sept 14, 1868

Dear Sir

Your note of the 17th Inst.
came to hand today and I am
much surprised that I never
received the 20 Aug. I regret it much
since it has delayed as long - My
information of the funds for a man
and his wife (colored servants,
from Washington to this place
was derived from A. M. Smith
of this place, to whom the Bureau
sent such a pair of servants
some two months since - He said
the woman came free & that the
price of the man was \$11.05 -
He was very nice - The fare
by steam boat from ~~Boston~~ to
New York to Boston (cabin) \$8.50
Deck \$4 - by rail from
Boston here \$1.70

So I make the fare for these two
 people to New York $\$8.35 \times 2 = 16.70$
 New York to Boston $\$4 \times 2 = 8.00$
 Boston to Newmarket $1.70 \times 2 = 3.40$
 $\$28.10$

But in order that there
 may be no deficiency I enclose
 herewith $\$20$ - which with that
 you have will make $\$48$ -
 Let them take the boat from
 New York (either boat) to Boston
 and the Boston & Maine rail-
 road from Boston here - they
 can not mistake their way
 from New York - The Boat takes
 them where the cars leave them
 at New York - and it will be
 but a short walk from the wharf
 in Boston to the Boston & Maine
 R.R. Depot. They will
 leave New York in the evening
 and arrive in Boston at
 day the next morning in
 season for the first train

7 1/2 AM. from Boston here
 Please send them along
 as soon as possible - I need
 them just now very much.

arrived yesterday safely.
They had a little ill luck
